

Pager charger

BE1260

Features

Night-time alerts

Alerts you with vibrations

Bed shaker outlets

Supports two bed shakers

Battery backup

Works even during power loss

Charger for the Visit pager.

The pager charger from Bellman & Symfon is specially designed for the Visit smart home system and is used to recharge the Visit pager battery.

The pager alerts you even during charging, just connect a bed shaker to the charger to wake up to vibrations if a Visit transmitter is activated while you are resting. The charger features backup batteries and remains fully functional during power loss, so you can get a peaceful sleep.
