

Doro PhoneEasy[®] 337ip

assistive phone for SIP systems

-  large, clear display and characters
-  extra loud receiver & ring levels
-  speakerphone

Originally developed for environments such as care homes, Doro PhoneEasy[®] 337ip is an assistive phone for use with modern IP phone systems. Easy to read display, big buttons and amplified sound make it perfect for job site modification or any environment where users will benefit from more user-friendly phones.
