

FEATURES:

- Stereo reception
- Comfortable and lightweight
- Optical and 3.5mm audio input on the base*
- The headset can be simultaneously connected to two devices. Below are two examples:
 - with the optical cable to a television (CL7700 base) + via Bluetooth with your mobile phone
 - with audio input to a television (CL7700 base) + via Bluetooth with your computer
- When using the headset on an audio source while connected via Bluetooth to your mobile phone, if you receive a call, you will hear the ringtone in the headset and will be able to take the call directly on your headset.
- Easy access to the settings from the headset:
 - Volume control (up to 125dB spl)
 - Left/Right Balance Control
 - Tone Control
- Automatic stand-by mode (once the signal to the base has ceased)
